Port—Ship Was Launched August  
9—Original Name Chancock.

The big steel freighter H. F. Morse, which was christened the Chancock, sailed today for Baltimore, where she will take on a cargo of grain and sail for an Italian port. She is commanded by Capt. Barlow and this is her first trip since being completed, and in fact is the first time she has left the yards of the Virginia Shipbuilding Corporation. This ship was christened the Chancock by Miss Mary Dixon Palmer, daughter of Attorney General and Mrs. A. Mitchell Palmer. She sailed from the ways Saturday afternoon August 9 in the presence of a distinguished company of guests. The name Chancock was given the 9,400 ton steel vessel by the U. S. Shipping Board. The Virginia Shipbuilding after purchasing this boat together with all of the other ships it is constructing changed the name to that of the H. F. Morse in honor of a son of Charles W. Morse, one of the owners of this company. Plans have been completed for the launching of the freight Edwin A. Morse at the plant of the Virginia Shipbuilding Corporation which will take place at noon next Saturday. A large gathering of officials of the company and others are expected to witness the ceremony together with several thousand residents of the city. The yards will be thrown open to the public. The name City of St. Joseph was selected by the Shipping Board for the Edwin A. Morse.

# WILSON HAS GOOD DAY

Showing Signs of Recovery.—Gland Swelling Does Not Recur Sunday. President Wilson finished up another good day yesterday evening, it was reported at the White House last night. Save for the regular visit of Drs. Grayson, Ruffin and Stitt, there was no other activity at the White House yesterday, and the President was said to be resting comfortably. The noon bulletin from the physicians had this to say: "There is no material change in the President's condition. He slept well during the night." There was no recurrence yesterday of the protatic gland swelling and the gain made by the President yesterday was understood to have been repeated. Saturday was the best day he has had since he was taken sick more than three weeks ago, according to Dr. Grayson, his personal physician. The President was able to take abundant nourishment and was quite cheerful yesterday morning when the doctors saw him. He seemed better physically also, and the long restful slumber of Saturday night had evidently acted on him like a tonic. Dr. Hugh H. Young, Baltimore specialist, who was called in when the gland troubled the President, is expected to return to the White House several times during the coming week. His visits will be made simply as a precautionary measure for all the physicians attending the President are agreed that an operation is unnecessary at this time.

# BELGIUM LIFTS BAN

Brussels, Oct. 20.—Treasury receipts for the first seven months of 1919 exceeded government estimates by more than ten million francs, the total receipts being 421,000,000 francs. Further steps to free trade have been taken by the government in the abolishing of the rule requiring certificates of origin for all automobiles, foodstuffs and cutlery imported. Licenses formerly required for the importation of products of German origin have been suspended. The decree lifting these restrictions explains that the action was taken in response to demands of merchants who were suffering a disadvantage by being compelled to buy in countries where the rate of exchange was more unfavorable to Belgium than the German rate. Cognizance also was taken of the fact that the Germans are in position to make quick deliveries and are offering favorable terms of payment. Reconstruction of railroads in Belgium has progressed to the point where trains now are circulating over the entire railroad system. Eleven hundred kilometres of double track had been destroyed up to the time of the armistice and 400 partially destroyed. The freight tonnage being transported is now sixty per cent of that transported in 1914, despite the fact that rolling stock has been reduced by about fifty per cent.

# ALL AGES IN LINE

Song Fest Follows In Christ Church  
Yard—Movie Man Gets Pictures of  
Participants.

With ideal weather conditions prevailing 2,091 Sunday School scholars yesterday afternoon participated in the Sunday School parade. Thousands of persons lined the streets and watched the passing pageant. The parade was marshaled by Elliott F. Hoffman. Each of the ten Sunday Schools participating wore a distinctive color and each represented a Commandment. Banners and mottoes were carried by each school, each bearing a quotation from the Bible. The pastors of the different churches taking part and the superintendents of the Sunday Schools accompanied each. While the executive committee in charge did not give out the figures of each Sunday School, the Methodist Episcopal South and the First Baptist carried the largest number. In the parade were men and women bent with old age down to the cradle department. The Methodist Episcopal South was the last Sunday School in line of march and all of its members held on to a rope which was attached to a wagon bearing the "Beginners' Department." In this wagon were babies and they attracted much attention all along the line of march. The parade was headed by a squad of policemen after which came the church and United States flags, the chief marshal and his aides. The Camp Humphreys Band followed by the Sunday Schools in their respective order. All of the participants made an excellent showing and were congratulated on the excellent turnout. Immediately following the parade a song fest was held in Christ Church yard. In the yard moves were taken and they also were taken of the paraders as they marched. The movies were taken by Y. M. C. A. representatives and will be first shown in Alexandria and later in the different cities in the state. The "sing" was led by E. B. Chamberlain, of the state Y. M. C. A. The songs given included "Nearer, My God to Thee," "Brighten the Corner Where You Are," "True, Hearted-Whole Hearted," "Onward, Christian Soldiers," "God Be With You," "Stand up For Jesus," "Dwell in Beulah Land," "America" and "How Firm a Foundation."
